

Winterwind

INTERNATIONAL WIND ENERGY CONFERENCE

A short movie was shown as a tribute to professor Hans Rosling who passed away on Feb 7.

Studio Ett, sextontimmen, 2004-02-03
(Temat är fågelinfluensa)

Professor Hans Rosling

Institutionen för
folkhälsvetenskap,
Internationell hälsa,
Karolinska institutet

“After a mother’s level of literacy, the single most important factor for a child’s survival is the availability of electrical power.

Why? To be able to switch the light on and use warm water to clean a child that has vomited significantly decreases child mortality.”
